

CP203-BK

COMPACT DIGITAL PIANO WITH BLACK FINISH

The CP203-BK digital piano packs the entire Medeli digital piano experience into a compact cabinet format;

from the sound of the German grand piano, MEDELI's flagship, to a polyphony of 192 notes;

from the compatibility of the PianoToolbox app to all parameters of the piano sound such as hammer noise or string resonance.

The newly designed keyboard offers fully weighted hammer action in the most compact size.

In addition, the new exclusive Japanese grand piano sound, new carefully recorded built-in tunes and the new pedal board that supports semi-damping represent the evolution of the digital piano in every direction.

The black finish adds a touch of elegance to the CP203-BK digital piano making it suitable for any type of furniture.
