# HALF ROUND ELECTRIC GUITAR STRINGS, JAZZ MEDIUM, 13-56

D'Addario Half Rounds Electric Guitar Strings are round wound with stainless steel and then precision ground leaving the outer surface smooth and "semi flat." The result is a string with the tone and tension characteristics of round wound strings, with a smoother feel, similar to flat wound strings.

**CORROSION** YOU DESERVE STRINGS THAT CAN GO THE DISTANCE. D'Addario strings feature only corrosion resistance sealed inside & out INSIDE TO ENSURE HIGH PERFORMANCE.

**EXPERIENCE THE PURE SOUND & UNIQUE FEEL.** THESE HYBRID STRINGS WERE COINED "THE THIRD TYPE OF STRING" DUE TO THEIR INNOVATIVE COMBINATION OF PRECISELY-GROUND, SEMI-SMOOTH SURFACE WITH THE FLEXIBILITY OF A ROUND WOUND STRING.

**BRIGHT, LONG LASTING** STAINLESS STEEL IS PRECISELY WOUND COMPUTER-CONTROLLED PRECISE INTONATION.

**RECYCLE** D'Addario & Company, Inc. 12250 W. 16th Ave. Denver, CO 80233 USA DADDARIO.COM

**MADE WITH FINE GRAIN, HIGH TEMPER, HIGH CARBON STEEL WIRE**
