

EXL125

NICKEL WOUND ELECTRIC GUITAR STRINGS, SUPER LIGHT TOP/ REGULAR BOTTOM, 9-46

XL Nickel Wound, D'Addario's most popular electric guitar strings, are precision wound with nickelplated steel onto a carefully drawn, hexagonally shaped, high carbon steel core. The result, strings with long lasting, distinctive bright tone and excellent intonation, is ideal for the widest variety of guitars and musical styles. EXL125 is D'Addario's best selling hybrid set, combining the high strings from an EXL120 (.009) with the low strings from an EXL110 (.046). The result is a set with strong fundamental low end, but with super flexibility on the high strings.
