

HCMA-PLAY MIC

2 ZONES REMOTE PAGING MICROPHONE BASE

HCMA-PLAY MIC integrates a microphone base with gooseneck microphone, **bi-zone control** with in-out message ringtone. Connection, through a common CAT5 or CAT6e cable, integrates power supply, control, and audio output, to simplify installation as much as possible.

It is also possible to connect more HCMA-PLAY MIC bases, thanks to the RJ-45 link output. Finally, the **one-touch-to-talk** function greatly facilitates the daily use of the microphone base.
