HOME RECORDING AND PODCAST CONDENSER MICROPHONE

PRODUCT DETAILS

KEY FEATURES

High performance back electret condenser capsule features wide frequency response and natural sound quality

Built-in transistor circuit features low noise and stable performance

Unique alloy outlook design, durable and fashionable

Black finishing

Provided with customized shock mount and tripod for convenient use

SPECIFICATIONS

Transducer Principle	Back Electret Condenser
Polar Pattern	Cardioid
Frequency Response	20Hz-20kHz
Sensitivity	-32dB±3dB (0dB=1V/Pa at 1kHz)
Equivalent Noise Level	?13dB A
Max. Input SPL	130dB (THD?1.0% at 1kHz)
Output Impedance	?200?
Power Requirement	12-52V Phantom Power
Net Weight	340g
