

0999962920 ROASTED MAPLE VINTERA® MOD 50'S STRATOCASTER® NECK, 21 MEDIUM JUMBO FRETS, 9.5", "V" SHAPE

There's no denying the allure of a roasted maple neck. Resistant to humidity shifts and featuring a gorgeous, dark look, they have more sustain and add a unique note to the instrument's voice.

Because Fender genuine replacement necks have not been mounted to guitar bodies, nut slots must be cut by qualified personnel. Other installation processes may be required, such as fret work, fitting the neck to the neck pocket, and other instrument setup procedures. Your local FMIC Authorized Service Center can install genuine replacement necks; find <u>Authorized Service Center</u> locations near you in the "Support" section of fender.com.
